Self-driven recent graduate with long-term internship experience adept at in-depth business valuations, financial data trend analysis, reviewing financial statements, and executing administrative tasks. Intern of the Month recipient with critical thinking, attention to detail, and quick adaptability, an ideal fit to join Spectrum's team.

WORK EXPERIENCE

Colony Capital - Financial Analyst Intern

December 2020 - current

Denver, CO

- Review financial statements, complete cost and revenue analysis, and accomplish other basic finance reporting, including P&L, gross margin, and profitability.
- Compile group-level KPI reports, and support strategic forecasting for 25+ internal teams and clients.
- Complete in-depth small business valuations, monitor and analyze financial data trends, and prepare new financial models.
- Report data and findings of ad hoc analyses to key stakeholders and leadership in meetings 2 times per month.
- Awarded Intern of the Month in April 2021 based on performance and successful financial recommendations.

Private - Finance Tutor

February 2018 - December 2020

Denver, CO

- Tutored undergraduates 18 hours a week in introductory finance, including accounts payable/receivable, ledgers, financial statements, bank reconciliation, managerial principles, and QuickBooks.
- Communicated with professors to understand curriculum standards and deadlines.
- Interacted 1:1 and within a group setting, helping 50+ students understand and achieve their accounting education goals.
- Targeted deficiencies in accounting knowledge, and implemented learning plans with 90% of students passing their accounting classes.
- Scheduled appointments and managed the calendars of 3 tutors with 0 booking issues.
